

Malaysia Server Rack Lightning Protection Manufacturer

Overview

Lightning Protection System Sdn Bhd (LPS) was established in 1995. From a lightning protection trading house with provision of consultancy services, LPS ventured into designing and manufacturing of its own Surge Protective Devices (SPD). TAKO since 1979 with its 25+ years of experience offers Professional Lightning Protection Solutions in compliance with MS IEC62350 in Malaysia. Due to increasingly uncertain weather patterns, helps Malaysian SME/SMI prevent losing RM250 Millions every year over lightning damage. We provide comprehensive Design, Advise, Technical Guidance and Solution-Oriented products and services.
