

Malta energy storage solar energy storage cabinet lithium battery

Overview

Solar-Plus-Storage Initiatives: Residential and commercial solar installations paired with lithium-ion batteries, supported by EU grants. Malta's sunny climate makes it a perfect candidate for photovoltaic solar energy, but the real game-changer lies in combining solar panels with advanced energy storage systems. Imagine your solar installation working like a smartphone battery – storing sunshine during the day and releasing power at night. Virtue Solaris offers its clients a range of unique battery energy storage solutions based on high voltage lithium ion batteries produced by renowned electronics manufacturers such as Sungrow and Huawei. Highest-rated efficiency, longest warranty, and unmatched reliability for Maltese homes and businesses. They assure perfect energy management to continue power supply without interruption.
