

# Solar power supply large capacity solar energy storage cabinet

## Overview

---

The solar battery storage cabinet can be efficiently utilized both in large-scale Solar Farms and residential solar systems for green energy storage, guaranteeing stability and security in the power supply while effectively harnessing the renewable resource of energy. The Symtech Solar Battery Energy Storage Cabinet (MEG 100kW x 215kWh) is a fully integrated, PV-ready hybrid energy storage solution designed for both on-grid and off-grid applications. Built with Tier 1 LFP battery cells (EVE), this system delivers safe, reliable, and long-lasting performance. It is available in a variety of configurations, to provide the ideal system size for a range of project requirements. Equipped with a reliable Growatt inverter, it supports flexible battery options including rack-mount and stackable batteries.
