High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial ...

The Horana I - 2MW Solar PV Project has been developed by Vidullanka PLC, through one of its fully owned subsidiaries, Horana Solar Power Pvt Ltd.

The Bluesun 40-foot BESS Container is a powerful energy storage solution featuring battery status monitoring, event logging, dynamic balancing, and advanced protection ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no shading ...

Commissioned in November 2020, the Siyambalanduwa 2MW solar power project reflects the renewable utilization of solar energy.

As Sri Lanka aims to increase its solar capacity in the coming years, this 2MW ground-mounted system could serve as a model for similar projects, especially in areas with limited roof space or challenging ...

These solar-integrated backup power units combine photovoltaic generation, lithium battery storage, and smart energy control into a compact, transportable container--delivering reliable electricity ...

Vidullanka's solar venture includes both rooftop and ground mounted solar projects in its portfolio. Currently, the company holds five rooftop solar installments and three ground mounted solar projects that are ...

Sri Lanka has launched a significant solar energy project with the installation of a 2MW Standard Ground Mounting System. This ground-mounted system incorporates high-quality solar panel brackets that ...
