Take control of your energy with the LINIOTECH 14.33kWh 48V LiFePO4 Battery, a high-capacity, floor-mounted energy storage solution for residential and commercial solar systems.

Power your energy independence with the LINIOTECH 14.33kWh LiFePO4 Battery - 48V 280Ah, the ultimate floor-mounted energy storage solution for off-grid, hybrid, or grid-tied solar systems.

Built with premium lithium iron phosphate cells and a weather-resistant IP65-rated enclosure, this floor-mounted unit offers long-lasting, safe energy storage for residential or commercial installations.

It is ideal for applications such as whole-property backup, maximizing solar energy utilization, and efficiently managing electricity consumption during peak rate hours. The system's modular design ...

By pairing lithium-iron-phosphate battery technology with a low voltage 48v system and our IP55 water/dust resistance, HomeGrid have one of the safest batteries on the market.

Whether you're optimizing solar self-consumption in a home, ensuring uninterrupted power for critical loads in a business, or expanding an off-grid solar installation, this battery delivers consistent performance.

The HomeGrid is a lithium battery bank that is a peace of mind power storage solution. Installing a power storage system with renewable generators such as solar or wind can save your residence or ...

Floor Mount Design for Easy Installation: Space-saving, ground-mounted battery system--no complex wall brackets or racking required. Sol-Ark Certified Partner: Officially listed by Sol-Ark as a ...

BigBattery provides lithium-ion battery packs that are perfect for powering any off-grid solar application. Browse our products today to find what you need.
