Utility-Scale PV Inverter MAX 320-350K-X 320-350kW 6 MPPTs 800Vac About Growatt Solutions Products

With enhanced safety, optimal LCOE, and ensured cost-effectiveness, the high-performance UT inverter provides a future-ready solution for utility-scale PV projects.

Multi-mppt string inverters from Sungrow, sg350hx, are proven safe for 24h real-time AC and DC insulation monitoring and reach a high yield of 99% at a low cost.

Supporting off-grid and grid use, it cuts energy costs, boosts efficiency, and ensures reliable backup power for industrial and commercial sites. Designed with a high discharge rate for transformer-based ...

ETA Enclosures USA provides electrical enclosures designed for renewable energy applications, including solar power inverters, wind turbine control systems, and battery storage solutions.

The CPS 350 kW three-phase string inverters are designed for large-scale ground mount applications. The units are high performance, advanced, and reliable inverters designed specifically for the North ...

For off-grid and backup applications, the IEB350kWh is also available in a construction site-ready configuration, ideal for areas with limited or no grid access. This version offers plug-and-play ...

Integrated cabinet design, easy to deploy and install. Support 1P discharging to meet the power demand of high-power impact loads. Fully liquid-cooled design, suitable for harsh environmental scenarios.

With a max. efficiency of 99.05% and 60A input current per MPPT, PowerMega enables higher power yields. Featuring IP66 and C5-M anti-corrosion, the 350kW inverter manages to survive harsh ...
