This REGO Battery Combiner Box is designed to work with the REGO 400Ah lithium batteries to expand the capacity of your solar system. 1 Battery Combiner Box can connect with up to 3 REGO batteries.

Built-in BMS (battery management system), the 40A MPPT solar charge controller can also prevent the lithium battery from getting damaged and provide double protections.

Made our first trip in the travel trailer with the finished battery/solar system. I'm really happy with how it turned out because I wanted to be able to dry-camp for 5 days straight, which is our ...

Dive into our comprehensive list of the top five 400W solar kits paired with Lithium-ion batteries, offering the best in power, price, and performance. Your sustainable energy journey begins ...

Coupled with the Sol-Ark inverters, this is a pre-wired system that contains the battery, inverter, charge controller, and more, all in one package; no fuses, breakers, or combiner boxes necessary! With ...

Replacing four pieces of 12V 100A lithium batteries with one REGO 12V 400A lithium battery, not only provides you 5.12kWh massive storage capacity but will also save you more than 30% of the ...

The 2,000 watt inverter allow you to use 12V Dakota Lithium batteries to power household electronics that require 120V AC (the wall plug in your home) and is a good size to run a medium sized TV, ...

The PowerTrak(TM) 400-Watt Solar & Inverter/Charger System is a complete power system ideal for robust off-grid power. This system includes all solar, inverter, installation hardware and smart battery ...

A 400 watt solar panel kit with battery and inverter represents an excellent entry point into solar energy for medium-power applications. With daily energy production of 1.2-3.0 kWh, these ...

400A solar container lithium battery with inverter

The 400Ah Battery Bank is tougher, safer, and more powerful than other battery banks on the market.
