We offer full customization of cabinet dimensions, internal layouts, cutout positions, structural reinforcements, and surface coatings to perfectly match your site needs.

In short, ZTT is committed to providing high-quality and customized power solutions for the global communication industry with its comprehensive advantages in communication power system design, ...

Short depth 50kw power module in 3U 300kw in 42U cabinet Robust and proven design for industrial equipment N+1 or N+X parallel redundancy for power guarantee Supports horizontal expansion by ...

A space-saving, scalable and flexible device that's as easy to deploy as it is to manage, it's the perfect three-phase white or grey space solution for today's data center.

This compact yet powerful energy storage commercial solution provides a versatile building block for distributed energy systems, EV-ready microgrids, and backup-critical operations.

Maintenance bypass cabinet with output transformer. The maintenance bypass isolates the UPS completely during service operations. The output transformer converts the 480 V output of the UPS ...

Each Medium Capacity ESS module comprises of a 50kW PCS with standard 100kWh or extended 200kWh LFP battery system. The ESS node is ready to be installed as a ready-to-use energy plugin ...

Functional Features: It offers high-precision synchronization for quick, accurate generator-grid alignment with minimal grid-connection impact. Adopting high-quality components and EMC design, it has ...

The UPS system is designed with modular architecture, where each module operates independently and contains its own components, including power converters, inverters, and battery systems. This ...

50kW Communication Power Supply Cabinet Solution for Production Lines

Discover Sunwin's 50KW Power Supply, offering customizable, high-quality power solutions for industrial machinery and sensitive electronics. Compliant with international safety and EMC standards, ...
