Keywords: unrecognized entities of West Asia, Abkhazia, South Ossetia, economic and trade relations, gravity model of trade JEL Classification: F11, F13, N75

“Mutual trade between Russia and Abkhazia demonstrates positive dynamics. In the first half of 2024, the trade turnover amounted to more than 16 billion rubles. With the construction of the ...

According to Oktay Khazirish, advisor to the de facto Minister of Economy, the construction of a container terminal at Ochamchire is nearing completion. The intermodal container terminal is being ...

With Abkhazia, we find scant correlation between trust and trade: in the absence of formal recognition, trade does not necessarily facilitate trust. However, the interrelationship between trade, trust, and ...

According to this agreement, Russia and Abkhazia have established mutually beneficial conditions for trade, excluding the application of customs duties, taxes, and fees when importing ...

For Abkhazia, which is isolated from international economic relations, the sanctions imposed on Russia have opened a window of opportunity, which will allow the occupied region to play the role of a transit ...

Russia continues to support Abkhazia in both trade and security terms to keep the two sides apart. Georgia still regards it as part of Georgia, however the actual reality is somewhat different.

The current agreement provides for duty-free export of gasoline, diesel fuel, bitumen and propane from Russia

Abkhazia Folding Container Exchange and Trade Terms

to Abkhazia within the volumes agreed by the parties.

Were a Russian naval base to go unchallenged in Abkhazia, it would throw security in Georgia, the Black Sea, and Europe into flux, at dire cost to paramount US interests.
