We provide pre-sale engineer on site service for field investigation before design, to make sure every solution designed by WonVolt is 100% perfectly suitable for clients' requirement.

High-efficiency Mobile Solar PV Container with foldable solar panels, advanced lithium battery storage (100-500kWh) and smart energy management. Ideal for remote areas, emergency rescue and commercial ...

For the products, Each set solar power system has power on& off test 100 times per hour. Each step of production is under strict quality control. Our products are qualified with CE, ROHS, ISO, SGS certification

A plug-and-play solar power container is not only a deployment solution but also a long-term energy asset. Factory-standardized production improves component consistency and simplifies maintenance planning.

Yes, we offer comprehensive after-sales support including remote monitoring, maintenance services and technical support. Our mobile photovoltaic containers come with a warranty and optional service packages to ...

With 100-500 kWh batteries, the containers provide stable power. Available in 20ft and 40ft sizes for different uses. Over the past decade, our solutions have powered more than 500 customer systems ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.

Do you offer after-sales support for mobile solar PV containers? Yes, we offer comprehensive after-sales support including remote monitoring, maintenance services and technical support.

Discover the world's leading foldable solar container with 40% higher energy density. Solarfold(TM) by Sunmaygo offers quick deployment & 70% lower costs than diesel. Get your free quote today!

After-sales service for a 500kWh photovoltaic folding container

Types of our mobile solar constructions. We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.
