The European Commission has concluded that there are no compelling reasons to scrap definitive countervailing and anti-dumping measures on solar glass imports from China.

New Delhi: The imposition of anti-dumping duty on solar glass last month has led to a rise in solar photovoltaic (PV) module prices by 10-12%, raising concerns over project cost escalations...

The measures currently in force are a definitive anti-dumping duty imposed by Commission Implementing Regulation (EU) 2020/1080 (3), as last amended by Commission ...

If modules do not meet both of the conditions in (B), then they are not covered, even if the cells within the modules were produced in Southeast Asia from wafers produced in China.

Additional case information, including the scope of the investigations, is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service ...

The US Commerce Department set final countervailing and anti-dumping duty rates on Monday for crystalline solar cells and modules imported from four southeast Asian countries.

If the USITC determination is affirmative, the Secretary of Commerce issues an antidumping order (in a dumping investigation) or a countervailing duty order (in a subsidy investigation), which is enforced ...

The U.S. Commerce Department preliminarily determined that illegal dumping and subsidized imports of float glass products from China and Malaysia posed an unfair advantage for ...

Solar glass is a critical component, accounting for 8% of total module costs. Currently, each module contains about 20 kg of solar glass. Anti-dumping duties have doubled the effective ...

Are there any anti-dumping measures for double-glass modules

Anti-circumvention duties extend China's antidumping and countervailing duties to many SEA imports, restricting duty-free cell and module volumes for U.S. PV developers and creating competition for ...
