Our batteries are IATF 16949 certified and can adapt to harsh environments. They pass high and low temperature tests (-40?~85?), vibration tests, impact tests, etc. to ensure stable operation in extreme ...

We offer customized discharge rate (C-rates) for low temperature battery packs to ensure they meet the performance demands of your projects. In addition, we offers a wide range of custom design options to ...

We use only top-tier, Grade A lithium cells for superior energy density, long cycle life, and faster charging capabilities. Our multi-protocol BMS provides 3-stage protection (voltage, temperature, current) and allows ...

Our proprietary technology makes it possible to create custom battery packs to meet various operating requirements cost-effectively. See our cold temperature-tolerant custom battery pack, surge-and-sustain ...

Your Custom Manufacturer of Low Temperature Battery Packs Low-temperature batteries are specialized lithium-ion batteries developed to address the inherent performance limitations of chemical power sources in ...

Order custom battery packs at Voltaplex. As a trusted custom battery pack manufacturer, we specialize in custom lithium battery packs designed to meet unique energy requirements.

With over 20 years of experience, NPP Power specializes in custom lithium battery pack manufacturing. We provide tailored energy storage solutions that ensure efficiency, safety, and sustainability.

We are a custom battery pack manufacturer and supplier, with several production lines, including lithium batteries, power lithium batteries, low-temperature batteries, and high-temperature batteries.

For off-grid solar solutions in warm rural area where temperatures may drop below freezing only a few times a year, our cold-temperature-tolerant pack lets you have your cake and eat it too.

Customized low temperature solar container lithium battery pack

Our fully custom smart chargers are perfectly tailored to your batteries and devices, ensuring optimal performance and extended battery life. You provide your requirements, and our engineers will offer detailed ...
