The CNE on Monday granted its seal of approval to the proposed Ardavin Solar plant, which concessionaire Ardavin Solar SRL will build in the Gaspar Hernandez municipality. The project ...

The Dominican Republic's national energy commission has approved a new 83.4-MW/101.6-MWp solar project with storage, as well as inaugurated a 58.48-MW/64.70-MWp solar ...

Acciona Energía has launched the 162.6-MWp Cotoperí Solar complex in La Romana, Dominican Republic. The facility, consisting of three solar farms, will generate 286 GWh of electricity ...

The solicitation specifically seeks to contract new wind and solar photovoltaic generation bundled with storage systems, with project capacities ranging from 20 MW to 300 MW, to reach the ...

Amongst them are Pecasa, a 50MW wind project financed with development banks and operated in cyclonic conditions, Matrisol, a 55MW solar project with the first private offtake scheme in the ...

This commitment to energy storage is part of the Dominican Republic's broader strategy for a cleaner, more sustainable energy system. The nation has already made remarkable progress in ...

On Monday, the CNE granted approval for the Ardavin Solar plant in Gaspar Hernandez, which will include a 27.5 MW/110 MWh energy storage system, marking a significant step in the ...

Zenith Energy Corp SRL, a subsidiary of Blacktree Capital Management, has initiated construction of the 101.2-MWp Dominicana Azul solar farm in the Dominican Republic, launching a project that will ...

A notable achievement is the upcoming launch of the first four-hour energy storage system linked to a solar project, set to be operational by mid-2025. This system will participate in the ...

Dominican Republic solar Energy Storage Power Station

Construction has started on the first major solar-plus-storage project in the Dominican Republic, which features a 24.8MW/99MWh battery energy storage system (BESS).
