-----  
Are NEMA 12 server racks dust proof?

No server cabinet is 100% dust proof, no enclosure completely water proof, but NEMA 12 server racks can go a long way to protecting your vital IT equipment. These Dust Resistant/Water Resistant Racks, are 19" EIA 310-D compliant and should fit most rackmount equipment.

What is a SmartTrack 12U mid-depth rack enclosure cabinet?

This SmartRack 12U Mid-Depth Rack Enclosure Cabinet protects sensitive electronic equipment from harsh conditions that would overwhelm a typical rack enclosure. It is ideal for use in factories, construction areas, utility plants, warehouses and other areas with limited space that are high in moisture, dust and debris.

Why do you need a dust protection system?

It is ideal for use in factories, construction areas, utility plants, warehouses and other areas with limited space that are high in moisture, dust and debris. It can protect your equipment from falling dirt, dust, drips, splashes and accidental contact with personnel.

What is a NetShelter server rack & network rack solution?

The NetShelter wall-mount server rack and network rack solutions provide the functionality required in edge computing, including remote access, video surveillance, and environmental management with optional fluid and smoke detectors. Configure a complete solution for your application with the Schneider Electric Local Edge Configurator.
