Discover how energy storage containers are transforming Nigeria's power landscape and why wholesale procurement matters for businesses.

In the solar energy storage plant of the country's central power company in Lagos, solar collectors were installed on the new generation of the Karmod container and began to store energy.

The Integrated Cabinet-215KWh is a complete commercial energy storage solution with 215kWh capacity and 100kW inverter power. Designed for business and industrial applications requiring substantial backup power.

After solar system activation, we provide detailed reports, annual on-site inspections, and 25 years of free remote monitoring. While sunlight saves you money, Tanfon ensures every kilowatt-hour runs safely.

Our warehouse facilities across Lagos ensure quick delivery to any location, whether you're working on a project in bustling Oshodi or the growing communities of Epe. We maintain substantial inventory levels of popular ...
