Factor This(TM) is your premier source for green energy and storage news. Learn the latest in solar, wind, bio, and geothermal energy.

PV inverter and BESS firm Sungrow has launched its PowerTitan 3.0 battery energy storage model for the European market. Power firm RWE is about to start building a 400MW/800MWh BESS project in ...

Texas and California lead the latest energy storage surge with SolarMax and Spearmint advancing major projects, a Texas developer securing 10 GWh for data centers, and Ormat and ...

Solar power has become more affordable and efficient and, combined with storage solutions, will play a vital role in the global clean energy transition.

News for solar installers and EPCs, covering off-grid lead-acid and AGM, grid-tied lithium-ion based battery systems, microgrids, utility-scale containers.

Energytrend is a professional platform of green energy, offering extensive news and research reports of solar PV, energy storage, lithium battery, etc.

Get the latest updates on battery tech, grid-scale storage & green energy - with trusted news, trends & expert commentary

Latest news on energy storage projects, BESS, capacity expansion, and regulatory updates across Europe, US & Canada, Latin America, and Asia Pacific. Discover how energy ...

Join us at Solar Power World as we cover the world of solar news on technology, development and installation on a daily basis.

Good news for photovoltaic energy storage

In 2024, 91% of new renewable projects offered cheaper electricity than the lowest-cost, new-build fossil fuel alternative. The cost of battery energy storage systems for grid applications also ...
