Since taking office, the Trump administration has paused permits on all new wind and solar projects on public land, onshore and offshore.

On his first day in the Oval Office, President Donald Trump signed an executive order that attempts to slow the growth in the country's wind generation capacity.

Despite the installation of more and more wind turbines, wind production declined in July to a 33-month low. Wind production also declined in 2023 from the year before despite 7 gigawatts of ...

The nascent offshore industry isn't alone in its struggles. Onshore wind, which developers have built at scale since the early 2000s, had its worst year in 2023 in more than a ...

U.S. electricity generation from wind turbines decreased for the first time since the mid-1990s in 2023 despite the addition of 6.2 gigawatts (GW) of new wind capacity last year.

WASHINGTON -- The Trump administration said Monday it is pausing leases for five large-scale offshore wind projects under construction along the East Coast due to what it said were ...

Vineyard Wind 1 can continue to generate power from its already operational turbines during the 90-day suspension. State leaders and lawmakers have criticized the pause, calling it an ...

Experts condemn administration's decision to cancel offshore wind leases. The halting of these offshore wind projects would waste billions of taxpayer dollars as well as eliminate 6 to 8 ...

July 24 (Reuters) - The amount of electricity produced by wind farms in the U.S. fell to a 33-month low on Monday, forcing power generators to crank up natural-gas fired plants to keep air...

Last month, the Trump administration abruptly halted construction on a nearly completed \$6 billion,

Has the wind power generation stopped

65-turbine wind farm off the coast of New England, known as Revolution Wind.
