Why should you choose Tongwei solar panels?

Tongwei panels become highly efficient and reliable solar solutions by offering this range of modern solar technologies. TW solar utilises PERC (Passivated Emitter Rear Cell) technology, whereby cells feature a passivated rear surface, which reduces electron recombination and improves overall cell efficiency.

Who are Tongwei solar panels?

Tongwei (TW) is a reputable Chinese solar panel manufacturer known for producing high-quality panels. They have advanced production facilities and adhere to strict quality control standards, ensuring reliable and durable panels. They originated in wafer manufacturing, progressing to include solar cells and now panels.

What if I don't buy a Tongwei solar panel?

The ingots and cells are sold to many other Chinese and international panel manufacturers to use in their solar panel products, so often, even if you do not buy a Tongwei panel, you will use some of their manufactured products.

Is Tongwei a Tier 1 solar cell manufacturer?

Tongwei has reported high solar cell shipment volumes and growing module output in recent years, reflecting its deep upstream capacity and expanding downstream manufacturing. This review focuses on practical takeaways for buyers rather than corporate marketing. Public round-ups have listed Tongwei among Tier 1 module makers in recent quarters.
