---

Our unique film offers more capacitor reliability at higher temperatures over extended periods in power electronics for less failures, maintenance and costs. GORE®; High Temperature Film withstands ...

A Class 1 ceramic capacitor is the best choice for applications that demand low losses and high stability. This style provides a reliable capacitance within the designated range of frequency, temperature and ...

High temperature 85%; Rated voltage 2.7V 1000 hours; Surge voltage 2.85V; Capacity range 1.0F~100F; Operating temperature range -40 ~ +85%; Capacity attenuation <= 30%, internal ...

Mouser offers inventory, pricing, & datasheets for High Temperature Capacitors.

HWE has entered the top 100 enterprise electronic components in China for consecutive years since 2003.

High-Temp Max-Cap Wet Tantalum Supercapacitors now The newly improved HTMC Series provides the highest DC capacitance & the highest operating temperature of any T4-case capacitor on the ...

Huawei Chang produces internally the raw material (foil) which allows to support extremely fast production lead times. Huawei Chang has many certifications including ISO 9001, ISO14001, ISO ...
