Who Is The Most Expensive Electricity Supplier in Ireland?How Many Units of Electricity Does A Householduse Per Day in Ireland?Switch and Save Every YearThe central message is that some average-usage households could save over EUR700 in just one year by changing electricity provider. Even if you already switched your electricity supplier more than a year ago - it is worthwhile switching again. You should treat energy supply like insurance, shop around and look for the cheapest electricity deal once a...See more on moneyguideireland
