Our IP67 electrical enclosure is both dustproof and waterproof, and can withstand immersion in water up to 1 meter deep for 30 minutes without water penetrating the interior and damaging the enclosed ...

Discover IP67 battery enclosures with aluminum & stainless steel protection for outdoor electronics. Waterproof, dustproof, CE certified.

Our battery storage cabinets are constructed with a modular design, providing optimal flexibility for businesses across various sectors. Our power storage cabinets also adhere to safety and quality ...

When unlimited security is not enough. Our battery cabinets are sophisticated and offer modular solutions that can withstand even temperatures and earthquakes when it matters.

Safety is a paramount concern in the design and construction of this system. It features a battery pack with an IP67 rating, double-layer construction, and flame-retardant and explosion-proof materials.

Industrial-grade lithium ion battery cabinet featuring advanced thermal management, intelligent BMS, and modular design for reliable, scalable energy storage solutions. Ideal for renewable energy ...

The IP67 rating ensures that these modular battery boxes are both dust-tight and can withstand immersion in water, making them ideal for automotive applications where safety and durability are ...

The "all-in-one" design integrates batteries, BMS, liquid cooling system, heat management system, fire protection system, and modular PCS into a safe, efficient, and flexible energy storage system.

Besides this, our cabinet and module housings are crafted meticulously (IP 67 Rated) to withstand outdoor environmental conditions. Whether you're planning an on-grid project or an off-grid solution, ...

Japan Modular Battery Cabinet IP67 Project Solution

We provide flexible solutions via modular building blocks using either containerized or building type solutions, which incorporate all the necessary cooling, controls and safety features.
