-----

This solar light is maintenance free - only the solar panel should be cleaned occasionally with water. Our systems are provided with serial numbers, which can be validated to protect against malicious copies.

The 40w solar LED street light has a built-in solar panel, a rechargeable lithium-ion battery, a high-efficiency LED light source, and a motion sensor for enhanced security.

The 40w solar street lamp can be quickly mounted on a pole, it does not require additional hard-wire links. Solar power can be illuminated all year round, no wiring, no AC or DC power.

The solar panel has high photoelectric conversion efficiency for fast absorption and fast charging. Along with the high capacity reliable battery and LED lights, the 40W solar-powered LED lighting stores ...

Integrated solar streetlights combine the solar panel, lithium battery, controller, and LED lamp beads into a single unit, making transportation and installation easier.

Our CASTER Series Solar Area Light series features an integrated solar panel, battery and Light fixture with easy to install mounting eliminates trenching to bury electrical wires and the savings continues ...

This innovative solar street lighting design maximizes utility of solar energy while maintaining desired lighting distribution using a swivel attached solar panel.

40W all in one solar street lighting through efficient solar-powered technology, the built-in batteries are charged by the sun during day time about 6-7 hours and light the super-bright LED bulbs up to 3-5 ...

Powered by Osram SMD3030 LEDs, it delivers superior brightness while consuming less power, allowing it to maintain full luminosity far longer than competing solar street lights that rely on inferior ...
