Exciting New! We're thrilled to introduce the latest addition to our lineup: a powerful combination of 9 units of 1800mm joint robots, 10 units of 260T hydrau...

This state-of-the-art production line achieves seamless automated battery pack production. Spanning an impressive 16 meters, it integrates cutting-edge technology through the following equipment.

A professional energy storage drawer cabinet assembly line supplier, providing automated assembly, intelligent testing and customized production services to ensure a highly safe energy storage and ...

Who is Rongke new energy? Rongke New Energy is a leading professional battery energy storage system manufacturer. Our cutting-edge technology enables businesses and homes to control their ...

New Energy Battery Cabinet Testing Line To meet industry demands, Cham New Energy is also developing a 120ppm 46-series cylindrical battery production line, with manufacturing costs 20% ...

The Battery Cell Capacity Grading Cabinet is a specialized system for grading battery cells based on their capacity, voltage, and other performance parameters. Designed for precise measurement and ...

A scientific and technological enterprise specializing in the research and development, production and sales of industrial laser processing equipment, has been deeply engaged in the new energy industry ...

New energy battery pack data acquisition line, chassis module sampling line, 28P voltage acquisition line

This battery cell assembly line is modular-based and compact in structure. Due to its intelligent management, it is totally traceable. Combined with MES management system, the entire line ...

A PACK battery module sampling line is a crucial part of the battery manufacturing process. It is designed to

New Energy Battery Cabinet Sampling Line

sample battery modules during production to ensure their quality, ...
