-----

Power firm RWE is about to start building a 400MW/800MWh BESS project in Germany, among the largest in the country to reach the construction stage. In related news, Kyon Energy has connected a ...

Tesla has unveiled two new energy storage products: Megapack 3, the latest generation of its utility-scale energy storage system, and Megablock, which integrates Megapack 3 with...

It can feel impossible, at least for a nonspecialist, to stay current on research into new kinds of "regular" batteries, never mind those suitable for large-scale energy storage.

Based on a brief analysis of the global and Chinese energy storage markets in terms of size and future development, the publication delves into the relevant business models and cases of new energy ...

Global demand for energy storage is surging. Lithium-ion leads today, but new contenders like sodium-ion, flow, and gravity systems are shaping the future grid.

Here are ten notable innovations taking place across different energy storage segments, as highlighted in GlobalData's Emerging Energy Storage Technologies report.

To that end, OE today announced several exciting developments including new funding opportunities for energy storage innovations and the upcoming dedication of a game-changing new ...

When Tesla unveiled its next-generation energy storage systems--Megapack 3 and the new Megablock--on September 15, 2025, it marked a pivotal moment in the evolution of utility-scale ...

In the new announcement, Fourth Power stated that its thermal energy storage system costs less than \$25/1Wh-e and is scalable up to 100+ hours of storage. The system is also modular, ...

The US battery storage system integrator arm of Korean battery manufacturer LG Energy Solution (LG ES)
