In the spirit of innovation, specifications and features are subject to change without notice.

CEC, PTC AC system power ratings are based on PV module PTC power rating and CEC efficiencies of the 480VAC versions of PVI 60KW, PVI 82KW and PVI 95KW inverters.

High efficiency at 98.8% peak and 98.5% CEC, wide operating voltages, broad temperature ranges and a NEMA Type 4X enclosure enable this inverter platform to operate at high performance across ...

*1 The maximum input voltage is the upper limit of the DC voltage. Any higher input DC voltage would probably damage inverter. *2 Any DC input voltage beyond the operating voltage range may result in ...

S5-GC (50-60)K three-phase series string inverter are suitable for the installation of three-phase input pv system of commercial and industrial PV plants. Adopt 5/6 MPPT design to provide a more flexible ...

GoodWe SMT 50-60kW Series inverter is ideal for medium and large-scale commercial installations. Harvest solar energy and generate environmental-friendly power for increased return on investment ...

Available for NORTH AMERICA 36kW/60kW SG36/60CX-US North America Utility Scale Overview

An NRTL approved, cost-effective alternative to central inverters, these inverters are modular design building blocks that provide high yield and enable significant BoS cost savings.

This inverter offers exceptional efficiency and advanced safety features, including AFCI protection and intelligent fan cooling. With a maximum efficiency of 98.8% and a four MPPT design, it ensures ...

60kW PV Inverter Photovoltaic Inverter, PV Inverter, 60kW, 85KVA
o Input PV: 140VDC to 180VDC with active boost, 6 panel configuration
o Input PV: 220VDC to 400VDC - 9 to 10 panel configuration
o AC ...
