The California Valley Solar Ranch (CVSR) is a 250 megawatt (MW AC) photovoltaic power plant in the Carrizo Plain, northeast of California Valley. The project is owned by NRG Energy, and SunPower is ...

The Ivanpah Solar Electric Generating System is a concentrated solar thermal plant located in the Mojave Desert at the base of Clark Mountain in California, across the state line from Primm, Nevada.

How Arizona's Mesquite Solar complex became one of the nation's largest solar sites and what its growth reveals about the evolving U.S. clean-energy landscape.

A solar energy generation facility is proposed on nearly 1,100 acres in Hidden Valley. It would be the first such major solar project near Maricopa. Other projects are underway in Eloy, Arizona City and ...

OverviewProject overviewPower Purchase AgreementEnvironmentIncidentsThe California Valley Solar Ranch (CVSR) is a 250 megawatt (MWAC) photovoltaic power plant in the Carrizo Plain, northeast of California Valley. The project is owned by NRG Energy, and SunPower is the EPC contractor and technology provider. The project constructed on 1,966 acres (796 ha) of a 4,365-acre (1,766 ha) site of former grazing land. It is utilizing high-efficiency, crystalline PV panels designed and manuf...

Residents and businesses can support renewable energy generated in the Valley region by purchasing blocks of renewable energy from their local power company. The program is flexible, affordable and ...

Riverside and San Bernardino Counties--Inland Southern California--have the potential to become the most attractive region for solar power in the United States. Unique geographic, ...

Environmentalists have pushed back on utility-scale solar development, concerned that construction will take too much water and threaten federally protected species.

Power plant details for Powhatan Solar Power Generation Station, a solar farm located in Apple Valley, CA.

Solar power generation in the valley

View the monthly generation and consumption, generator details, and more for Powhatan Solar ...

Alamosa County, for one, is planning to step forward and raise its hand to let the Colorado Public Utilities Commission know that it has an interest in renewable solar generation and ...

Explore the Ivanpah Solar Electric Generating System with aerial photographs. Discover insights into its impact on the renewable energy field and future plans for the facility.
