In October 2020, Vivint Solar was acquired by Sunrun for \$3.2 billion; since then all new business has been conducted under the Sunrun brand or through related entities.

Interested in going solar? Read about Vivint Solar's system costs, panels, installation and warranties -- and read verified customer reviews.

Solar energy is renewable, meaning that we'll have energy as long as the sun is alive. And according to NASA, the sun will be around for another 6.5 billion years. Solar energy is incredibly abundant. Your ...

Vivint Solar has raised an undisclosed amount in funding from Summit Partners. The company has 896 active competitors, including 14 funded and 34 that have exited.

The steps in the process of going solar with Vivint are similar to what you would expect with any other provider, but there are a few areas where Vivint's process and timelines vary.

Vivint Solar was an American provider of photovoltaic solar energy generation systems, primarily for residential customers. The company was established in 2011 as an offshoot of home automation and security company Vivint and was headquartered in Lehi, Utah. The company primarily used a power purchase agreement (PPA) business model where Vivint Solar installed and maintained a solar system on a customer's h...

Amid this backdrop, in July 2020, Sunrun, the leading provider of residential solar, battery storage, and energy services in the United States, announced its plan to acquire Vivint Solar in an all ...

In our Vivint Solar Review, we will show you what to expect from the Vivint solar system, where you can get one, and how to take advantage of all tax credit options available to Vivint ...
