What is the warranty of the energy storage 2 MWh system?

the product warranty of the industrial and commercial energy storage 2 MWh system is classified into basic warranty and advanced warranty. After the device is delivered, the basic warranty is automatically obtained. If the device is connected to Huawei PV cloud or purchased from Huawei for five years, the warranty is upgraded to advanced warranty.

What is the difference between battery warranty and energy storage warranty?

The performance warranty of the battery module is based on the ten-year warranty period and the number of cycles. The one that reaches the warranty first takes effect, and the warranty expires. Energy storage warranty includes product warranty and performance warranty, which are provided separately.

How long is the warranty on a battery module?

For details, see Table 2-1. The performance warranty of the battery module is based on the ten-year warranty period and the number of cycles. The one that reaches the warranty first takes effect, and the warranty expires.
