Which solar panel is best?

Maxeon Solar Technologies Maxeon's 440-watt solar panel is our pick for best overall. It's the most efficient panel at 22.8% and comes with the longest warranty (40-year performance and product warranties--15 years longer than the industry standard). Maxeon is the highest-rated solar panel on the EnergySage Marketplace.

What is a good solar panel efficiency?

Efficiency is how much energy a solar panel can convert from the sun into usable energy for your home. The higher the efficiency, the better the panel, which is why solar panels with an efficiency of 22% or more score the best in this category.

Which solar panels are best for 2025?

Let's take a look at each of the brands: Canadian Solar is our #1 pick for 2025. The company has been manufacturing solar panels since 2001, making it one of the oldest brands on our list. Canadian Solar's products are known for their reliability and affordability and are used by solar installers nationwide.

How do I choose a good solar panel?

You'll probably want a very powerful solar panel (unless you use very little electricity). Even light shading can reduce your solar panels' output by 50% or more. Look for solar panels with high power output and high efficiency.

The best solar panels for homes in 2025 combine efficiency and quality with great warranty coverage from companies like Canadian Solar, JA Solar, and Qcells.
