MOBIPOWER hybrid clean power containers combine battery energy storage systems with off-grid solar containers for remote industrial sites in Canada & USA.

Our 20 and 40 foot shipping containers are outfitted with roof mounted solar power on the outside, and on the inside, a rugged inverter with power ready battery bank.

Similarly, the Sactec Solar SunMax ISO Container integrates solar, wind, and diesel technologies into a compact ISO steel frame, providing up to 20 KWh per hour with high adaptability for diverse ...

Mobile solar containers enable total off-grid operation, providing power in locations with no utility grid or where grid access is unreliable. This is essential for rural development projects, ...

Renewable energy projects use shipping containers to house solar, wind, and battery systems securely while supporting fast, mobile deployment.

Create modern, eco-friendly spaces with Corner Cast's shipping container solutions. Our bespoke designs offer innovative, affordable, and sustainable wind and solar energy spaces tailored to your ...

Highjoule's mobile solar containers provide portable, on-demand renewable energy with foldable photovoltaic systems (20KW-200KW) in compact 8ft-40ft units.

Our Hybrid Solar Container offers unmatched scalability and precision for operational needs, making it an ideal choice for army bases, disaster relief zones, and remote off-grid requirements.

Discover how Higher Wire shipping container solar systems provide reliable, off-grid power for remote worksites and projects.

Wind-resistant solar-powered container for field operations

We design and sell foldable and unfoldable solar trailers, quiet, with no maintenance, non polluting, adjustable & orientable and 20-foot maritime containers including vertical aluminium sliding and ...
